

Introducing

The Extended Life -
Re-manufactured Series

What is XL?

XL series is extended life series recently launched by Hyundai. XL series are re-manufactured from old machines purchased from customers. These machines are built by robust manufacturing processes and stringent quality checks as per Global Quality Standards of HCE Korea and using genuine spare parts.

Every XL Series is in-built with

Latest technology at par with new machine

Remote management system

CMCU controlled engine for optimum fuel consumption

XL Advantage

- Old Hyundai machines are thoroughly inspected and tested before purchase, to rebuild into XL Series
- Stringent quality testing of each XL Series by trained experts and modern testing equipments
- Genuine spare parts are used. Aggregates used are either rebuilt or New
- Engine support by Hyundai
- Warranty support of 1 year or 2000 Hrs
- Easy finance at attractive rates from major leading financiers available
